## INTRODUCTION:

### VERSE 1:

I saw you hold each other tight, The world you know is wrapped inside your arms.  
(You may not look ahead in time, Cos the life you knew took a turn and did you harm.)

### CHORUS 1:

Where will you sleep tonight. Where will you rest your head. With your life inside your dreams  
Where will you sleep tonight. Where will you rest your head. With your life inside your dreams

### VERSE 2:

You may not have a place to go, But you're real like me and I know you came from somewhere  
You didn't choose to live this way, And if the road block opened today I know you'd go there.

### CHORUS 2:

Where will you sleep tonight. Where will you rest your head. With your life inside your dreams  
Where will you sleep tonight. Where will you rest your head. With your life inside your dreams

### BRIDGE:

We never see the best of you, You had to let it go, just to make it through Your words bear  
scars of the life it stole,  
You have no home, but I know you have a soul  
We never see the best of you, You had to let it go, just to make it through Your words bear scars  
of the life it stole,  
You have no home, but I know you have a soul

### GUITAR SOLO:

### VERSE 3:

At the back of Macs you sheltered from the rain, Wondering how to stay alive  
12 years old, out in the cold, you had no choice, You stole just to survive.

### CHORUS 3:

Where will you sleep tonight. Where will you rest your head. With your life inside your dreams  
Where will you sleep tonight. Where will you rest your head. With your life inside your dreams
