

## PRESS RELEASE:

### MOSS Bass Guitarist Dave (Red) Redhead

After starting with the blues in the early 70s prog rock bands such as King Crimson, Yes & Emerson Lake & Palmer soon caught Dave's attention. Prog rock has remained an inspiration to him.

David played in cover bands such as Straight Edge, Eclipse, Chaser & Smells Like Seattle but was always interested in performing original material. He joined Daystarr a local prog psych band which released an EP & an Album "White

Stone"

After a 3 year hiatus Dave joined MOSS in January 2020 and has been a steady member of our Rhythm Section. Dave played on the following Moss tracks:
